

NCS QP-Quality Policy

Rev 11 Date: 6-18-2020

Approved by NCS Mgt.

Quality Policy

New Center Stamping makes its commitment to its customer and employees to continually identify and mitigate risk, improve and maintain a quality management system that provides superior quality and delivery performance.

We will work hard to continuously improve our technology, equipment, facility and teamwork in a way that will ensure current and future jobs for employees in a motivational and safe environment.

The key points to this policy are simply stated as “DOC”

- 1) **“D”- Defect Free Parts**
- 2) **“O”- On time Delivery**
- 3) **“C”- Continual Improvement**

Commitment to Meeting Requirements

NCS is dedicated to meeting or exceeding the requirements of IATF16949, ISO 9001, statutory requirements, regulatory requirements, internal requirements, and customer specific requirements. We aim to continually improve the effectiveness of the implemented QMS.

NCS Objectives and Goals are determined by Top Management through the NCS Quality Business Plan and Performance Meetings. Quality Metrics are measured, reviewed and supported with action plans to redirect, where necessary, and to ensure continual improvement.
